*SiMP Remote can only work with SiMP Keeper.
Please make sure you already have SiMP Keeper.
Otherwise SiMP Remote can't work.*

2. Get Started

2.1 Preparation

Get your SiMPNiC SiMP Keeper ready and download SiMPNiC App in advance.

To make SiMP Remote work, you need to set up SiMPNiC SiMP Keeper first. Please refer to SiMPNiC Smart Home Kit Quick Installation Guide or tutorial in SiMPNiC App.

You can scan QR code below to download SiMPNiC App from APP Store (iOS) or Google Play (Android).

2.2 Installation and Power On

SiMP Remote is to control your TV or AC by IR (Infrared Ray). For maximum functionality, install it at the optimum spot where its ray can reach each appliance you want to control.

After you confirm the spot, power on it with USB cable and adapter. There will be a blue glimmer spot. If there is no glimmer, refer to "Reset" section to make it to default settings.

2.3 Pairing

Pairing SiMP Remote with your SiMP Keeper in SiMPNiC App.

If your SiMP Remote is from Home Kit, it's already in your SiMPNiC App.

Power on SiMP Remote with USB cable and adapter. There will be a blue glimmer spot. If there is no glimmer, refer to "Reset" section to make it to default settings.

- ① Make sure your smartphone is connected to Home Wi-Fi (2.4GHz).
- ② Open SiMPNiC App.
- ③ Select "Room" icon.
- ④ Select "+" to add device.
- ⑤ Select "SiMP Remote".
- ⑥ SiMP Keeper will beep 2 times and begin searching. The process lasts about 45 sec(remember to check LED indicator is blinking during this period). And then SiMP Remote will appear in the list.
- ⑦ If SiMP Remote is not found, select "Cancel" and search again.

2.4 Reset

If there is no glimmer spot on Smart Remote, please press the button on the back for 5 seconds to reset. The glimmer spot on SiMP Remote will start blinking (for about 4 minutes). During this period of time, you can pair it.

Attention:

Once you reset, SiMP Remote will return to factory default settings. Only if you want remove it from current SiMP Keeper, otherwise it's not suggested to reset.

4. FAQ

Q: Why can't I find my TV or AC in SiMPNiC App?

A: If you can't find corresponding brand in SiMPNiC App, try "Smart Search" again. If you still can't find it, please feel free to contact us via support@simpnic.com for help.

Q: Why cannot SiMP Remote control two or more TVs?

A: This case only happens when TVs are different models. If they are the same model, you can use SiMP Remote to control both of them.

Q: Can I use one SiMP Remote to control one TV and one AC?

A: Yes you can! That's the benefit of SiMP Remote. You can throw your regular remotes away and use one SiMP Remote.

Q: I can't find my TV/AC brand in the list, neither can I use Learn Mode successfully. What can I do?

A: We're sorry about hearing this. There are tons of brands, models of TVs and ACs in the world. We're trying as fast as we can to include all major and necessary brands, models in our database. If it happens to your TV or AC, please contact us via support@simpnic.com, we're happy to solve it for you.
